Bardex Announces A New Strategic Alliance

HOUSTON, September 15, 2024 – Bardex, a global leader in solutions for marine-based heavy lifting, transfer, and restraint has teamed up with Von Schmidt Maritime to provide the United States with Dry Dock Solutions. Von Schmidt, located in Baltimore, MD, are Maritime Consultants and Naval Architects providing shipyard professional services.

This is the future of dry docking in North America and the maritime industry is abuzz with ship repair. A new approach is required to fulfill military and commercial shipyard needs. The Bardex and VSM strategic alliance provides a pathway for the industry to reach combined goals. The future is now.

About Bardex: Bardex provides novel engineering insights and designs, prototypes, and manufactures proprietary equipment to solve the marine industry's heaviest challenges. For over 60 years – and 300+ projects for shipyards, oil and gas companies, and the burgeoning offshore wind industry – the Bardex mindset has always been to be a trusted, collaborative partner whose first step in any project is to understand exactly what the client needs to accomplish. That approach has produced more than 20 patents, many repeat clients, and countless innovations that make the seemingly impossible possible, while improving safety, efficiency, and profitability for a diverse range of applications. Bardex facilities are ISO 9001, ISO 14001, and ISO 45001 certified. To learn more, visit <https://www.bardex.com>.

About Von Schmidt Maritime: Von Schmidt is an architectural and planning firm. Their 3 areas of expertise include Dry Dock Service – dry docking execution with licensed dock masters, Naval Architecture – dry dock vessel and planning services, and Shipyard Consulting – professional services with experienced project managers.
